

Speaker Profile: Alyssa Schneebaum

About Me

With a passion for challenging societal norms and fostering positive change, I am an experienced speaker and thought leader who delves into critical issues shaping our world today. My journey as a keynote speaker began in 2006, and since then, I have been dedicated to enlightening and inspiring audiences on topics ranging from gender inequality in the economy to the impact of social norms on knowledge production.

Speaking Topics

- **Gender Inequality in the Economy: Unraveling the complexities of gender disparities in the economic landscape, I shed light on the challenges and opportunities for achieving true equality.**
- **Equal Pay and Fair Pay: A deep dive into the intricacies of pay structures, my talks explore the importance of fair compensation and the steps needed to bridge pay gaps.**
- **The Role of Social Norms in Knowledge Production: Analyzing the subtle yet powerful influence of societal norms on the creation of knowledge, I inspire audiences to question and redefine these norms for more inclusive and innovative science.**

Speaking Style

As a dynamic and engaging speaker, I bring vitality to every presentation. Whether addressing the general public, corporate audiences, or academic gatherings, I tailor my delivery to resonate with diverse crowds. Fluent in both English and German, I offer the flexibility to connect with audiences in their native language.

Key Attributes

- **Dynamic Engagement: My talks are not just presentations; they are experiences. I captivate audiences with a dynamic speaking style that fosters connection and interaction.**
- **Relevance: Grounding my discussions in contemporary examples, I ensure that the content remains pertinent and relatable, sparking meaningful conversations and driving actionable insights.**
